Continuation of 2. NOTE: The Applicant's proposed amendment introduces limitations absent from the previous version of the claims. In doing so, the proposed amendment raises new issues related to a change in the scope of the claims. A proper and sufficient response to these new issues would require further consideration and/or search.

In particular, the newly introduced limitations absent from the previous version of the claims are (see independent claims 1, 7, 15, and 20):

"the switching wavelengths being labels to indicate that the traffic is to be switched in optical domain using optical circuit switching"

the routing wavelengths being labels to indicate that traffic is to be routed, undergo conversion from optical domain to electrical" domain, and undergo conversion from electrical domain back to optical domain."
